CLERK: Mr. President, LR 330 was offered by Senator Vickers. It is found on page 548 of the Journal.

SPEAKER NICHOL: Senator Vickers.

SENATOR VICKERS: Mr. President, members, this resolution recognizes community education programs that are being used by a number of school districts across the state and they are spelled out in one of the WHEREASES. It encourages the citizens who support those schools to continue to participate in those community education programs. It encourages the Legislature to endorse the concept of community education and to urge the school districts to consider adopting and implementing community education programs. There is a lot of benefits to be derived through the use of community education programs that tend to strengthen the cooperation between the public schools, the tech schools and the whole community that the community education program is being provided in. It also strengthens the relationship greatly between the adult population in the school district and the school itself. I would urge the adoption of LR 330, Mr. President.

SPEAKER NICHOL: Thank you. Any further discussion? The question is the adoption of LR 330 as explained by Senator Vickers. All those in favor vote aye, opposed nay. Please vote if you care to. Please vote, if you care to, on the resolution. Record, Mr. Clerk.
